CAMP HOPE AMERICA - NOLA

Dear Friends,

Our Alliance team is thankful for our funders, donors, clients, and allies in this work. In 2019, we traveled nationally and internationally working with organizations and communities to develop new and support existing Family Justice Centers, provide conferences, webinars, and workshops on the handling of near and non-fatal strangulation assaults through our Training Institute on Strangulation Prevention, and enhanced existing Camp HOPE America programs and added many new Camp HOPE America sites. Our allied Family Justice Centers and Camp HOPE America programs served hundreds of thousands of adult and child survivors of domestic and sexual violence, child abuse, elder abuse, stalking, and human trafficking – creating pathways to hope and wellbeing for many robbed of hope by trauma and violence. In 2019, we partnered with the Hope Research Center at the University of Oklahoma to document our stunning outcomes in all our programs. And we continued to see our book, *Hope Rising: How the Science of HOPE Can Change Your Life*, sell well across the country and around the world. Even as we navigate uncertain times in 2020 and a dramatic rise in domestic violence because of the pandemic, we are deeply grateful as we look back over all we have accomplished in 2019. We owe our success to our donors, funders, sponsors, clients, volunteers, survivors, and allied organizations across the country and around the world.
